

Marijuana Facilities

Findings

1. State law authorizes the operation of marijuana facilities and provides those facilities with immunity from state criminal prosecution.
2. Although the State of Oregon has passed legislation authorizing marijuana facilities and providing criminal immunity under state law, the operation of those facilities remains illegal under federal law.
3. The city council has home rule authority to decide whether, and under what conditions, certain commercial conduct should be regulated within the city and subject to the general and police powers of the city, except when local action has been clearly and unambiguously preempted by state statute.
4. Whether a certain business should operate within a local jurisdiction is a local government decision, and local governments may enforce that decision through the general and police powers of that jurisdiction.
5. The city's licensing and regulatory system should not be construed to constitute an authorization to engage in any activity prohibited by law nor a waiver of any other license or regulatory requirement imposed by any other provisions of city ordinance or local, regional, state or federal law.
6. The city council wants to regulate the operation of marijuana facilities in the city in ways that protect and benefit the public health, safety and welfare of existing and future residents and businesses in the city.
